

Split Ten Sunrise

Finished Size: 33"

Keep the sun shining all year!

You'll need:

A **Two Piece Ten Degree** tool

A **Cut A Round** tool (optional)

(If you don't have the tool, a paper template is included.)

Option:

To use a one piece Ten Degree tool simply use the upper, then the lower portion. The 14" line is the dividing line.

Fabric Selection

If you choose a fabric that looks different if turned in the opposite direction, we call it a directional print. ...but...Directional fabric can be lots of fun! See the charts for help.

For Directional Fabrics (meaning you CAN'T flip flop your wedge)			
Fabric	Cutting	Exact amount used	Yardage
A	one 14" square (cut first)	26"	7/8 yd
	two 11 1/4" x half width*		
B	two 11 1/4" x half width*	23"	3/4 yd
C	one 11 1/4" x width	12"	3/8 yd
* Allow more fabric for fussy cutting			

For Non-Directional Fabrics (meaning you CAN flip flop your wedge)			
Fabric	Cutting	Exact amount used	Yardage
A	one 14" square (cut first)	26"	7/8 yd
	one 11 1/4" x width*		
B	one 11 1/4" x width*	12"	3/8 yd
C	one 11 1/4" x width	12"	3/8 yd
* Allow more fabric for fussy cutting			

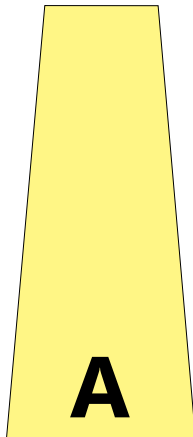

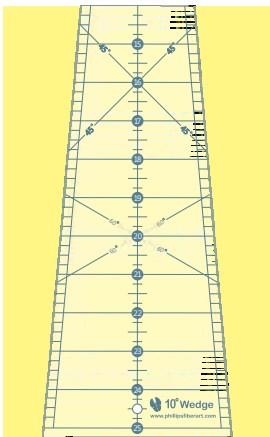

Batting	one 36" square	36"	1 yd

Assembly

- Sew the wedges together to make a ring. Sew in A, B, C, B order.

Always sew with
1/4" seams!

Circle Applique

- Stabilize the center of the circle using a large piece of freezer paper.
- Fold a second piece of freezer paper in half twice.
- Trace the quarter circle line found below onto a quarter portion of the paper.
- Cut the freezer paper circle.
- Iron the circle to the wrong side of the fabric square.
- Trim the fabric 1/4" from the edge.
- Using a glue stick turn the edges over the edge of the freezer paper.
- Center and pin the applique onto the ring.
- Sew around the edge of the applique.
